## Viking® Professional 5-Ply Satin Cookware

Viking® Professional 5-Ply Satin Cookware uses commercial quality construction to deliver professional performance in the home. With an elegant satin finish, this premium line of cookware is specially handcrafted in the USA.

5-ply construction maximizes heat transfer and reduces energy usage by leveraging the conductivity of an aluminum core sandwiched between stainless steel. This combination of materials enables Viking cookware to deliver superior cooking performance. Each layer of metal is carefully selected for optimum performance and efficiency - stainless steel for durability and aluminum for conductivity.

The magnetic stainless steel exterior makes this cookware suitable for all stovetops, including induction. The core is made up of three layers of aluminum. Two layers of nearly pure 1050 aluminum bonded to a structural layer of 3004 aluminum that prevents warping. The aluminum core disperses heat quickly and evenly throughout the bottom and sides of the vessel. The non-reactive and non-porous interior layer of 18/10 high-grade stainless steel is an ideal cooking surface that is easy to clean and sanitize. Together, these five layers work in unison reducing the energy required to achieve desired cooking temperatures.

The 5-ply construction makes this versatile cookware stove, oven and grill friendly. Viking designed the signature stay-cool handles to be ergonomically friendly, making the cookware more comfortable to hold and maneuver. Backed by a lifetime warranty, Viking cookware will help you produce restaurant quality results at home.

## Viking® Professional 5-Ply Satin, 10 Piece Set

**4515-1S10S**

Viking Professional 5-Ply Satin, 10 Piece Set

UPC: 840595101276

Country of Origin: USA

Set includes: 8 Qt. Stock Pot, 3.4 Qt. Sauté Pan, 3 Qt. Sauce Pan, 2 Qt. Sauce Pan, 10" Fry Pan & 8" Fry Pan

- Handcrafted in the USA
- Durable Stainless Steel Construction with Aluminum Alloy Core
- Non-Reactive & Non-Porous 18/10 Stainless Steel Interior
- Can Be Used on Any Cooking Surface, Including Induction
- Ergonomically Designed Cast Stainless Steel Handles Provide a Comfortable & Secure Grip
- Commercial Grade Riveted Handles with Solid Stainless Steel Rivets
- Nonstick Products Feature Eterna®, an Advanced PFOA Free Coating for Superior Release
- Oven & Dishwasher Safe

## Viking® 5-Ply Hard Stainless™ Cookware

Viking® 5-Ply Hard Stainless Cookware uses commercial quality construction to deliver professional performance in the home.

5-Ply construction maximizes heat transfer and reduces energy usage by leveraging the conductivity of an aluminum core sandwiched between a stainless steel interior and a hard anodized aluminum exterior. This combination of materials enables Viking cookware to deliver superior cooking performance. Each layer of metal is carefully selected for optimum performance and efficiency - stainless steel for durability and aluminum for conductivity.

The magnetic stainless steel exterior makes this cookware suitable for all stovetops, including induction. The aluminum core disperses heat quickly and evenly throughout the bottom and sides of the vessel. The non-reactive and non-porous interior layer of 18/10 high-grade stainless steel is an ideal cooking surface that is easy to clean and sanitize.

## Viking® 5-Ply Hard Stainless™, 10 Piece Set

**40021-9990**

Viking 5-Ply Hard Stainless, 10 Piece Set

UPC: 840595102754

Country of Origin: China

Set includes: 5 Qt. Dutch Oven, 4 Qt. Sauté Pan, 3 Qt. Sauce Pan, 2 Qt. Sauce Pan, 10" Fry Pan & 8" Fry Pan

- Durable 18/8 Stainless Steel Interior with Volume Markings
- Dishwasher Safe Hard Anodized Aluminum Exterior for Efficient Heat Transfer & Long Lasting Durability
- 5-Ply Construction Transfers Heat Evenly Across the Bottom & Sides of Pan
- Induction Capable Exterior Can Be Used on Any Cooking Surface

## Viking® 3-Ply Mirror Cookware

Viking® 3-Ply Mirror Cookware is designed for the culinary enthusiast desiring professional quality results. Handcrafted in the USA, Viking cookware is beautifully polished to a mirror finish.

The 3-ply clad design combines three layers of metal to create one solid piece that is formed into the vessel. An induction capable stainless steel exterior is bonded to a layer of aluminum alloy and then finished with a final layer of high quality 18/10 stainless steel on the interior. The three-layer construction combines the durability of stainless with the superior conductivity of aluminum, delivering even heat distribution along the bottom and throughout the sides of the pan. With three layers of metal combined, the unique structure creates a comprehensive heat delivery system that requires less energy to both heat and maintain even temperature throughout the pan.

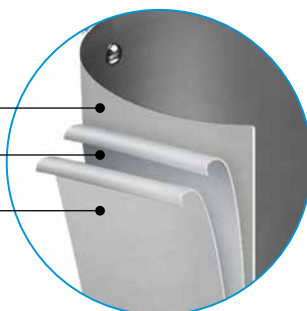

Viking stainless steel is non-reactive and features a non-porous surface so that it is easy to clean and sanitize. Holding and maneuvering the pan during cooking is made easier with our comfortable to hold, ergonomically designed, stay-cool handles. Backed by a lifetime warranty.

## Viking® Contemporary 3-Ply Mirror Cookware

Viking® Contemporary 3-Ply Mirror Cookware combines a layer of aluminum sandwiched between heavy-gauge stainless steel for superior performance. The aluminum core provides exceptional heat transfer throughout the pans, while the magnetic stainless steel exterior gives the pans durability and makes them induction capable.

Featuring a seamless rim, the vented glass lids allow you to easily see the progress of your meal while reducing the chance of boil-overs. Viking Contemporary cookware combines a fashionable conic shape with signature stay-cool handles and easy to read internal volume measurements.

## Viking® Cast Iron Cookware

Cast iron is a natural addition to the Viking kitchen, maximizing the performance of Viking stoves by providing the natural heat retention required for roasting, braising, searing and more.

Designed for efficiency, most cooking can be done on low to medium heat. Viking cast iron will distribute and retain the heat evenly, allowing the pan to reach and maintain ideal cooking temperatures with lower energy requirements. Conversely, cast iron holds cold temperatures equally well for food storage and serving or preparing cold recipes.

Viking cast iron features a non-reactive glossy enamel interior that is durable enough to handle metal utensils but will not react with foods, maintaining the flavor during cooking. While enamel is not a non-stick surface, the enamel coating does feature stick-resistant properties aiding in cleanup.

The exterior of each piece is coated with matte enamel that helps resist chips and cracks while keeping maintenance to a minimum.

The 5 Qt. capacity Dutch oven and other covered pieces employ lid spikes on the interior of the lid to “self-baste” by distributing condensation back into the pot during cooking. The end result means less evaporation, keeping meats tender while helping to retain vegetable nutrients that may otherwise evaporate.

Viking Cast Iron is safe for use on the stove, the grill, and in the oven, while being elegant enough to take directly to the table for serving.

## Viking® Cast Iron Cookware, Open Stock

## Viking® Ceramic Nonstick Bakeware

Coated with an exclusive Exdura Green II ceramic coating, Viking ceramic bakeware is free of PFOA and PTFE chemicals found in other nonstick coatings. Our ceramic coating is naturally stain and scratch resistant. The heavy-gauge carbon steel construction distributes heat more evenly while giving the pan added durability. The dual-sided silicone pads have been built into the handles for added grip when holding or moving the pan. Oven safe to 480°F (250°C).

- Eco-Friendly PFOA & PTFE Free Nonstick Bakeware
- Water Based Ceramic Coating Delivers Excellent Release
- Heavy Gauge Carbon Steel Construction for Durability & Superior Heat Transfer
- Easy Grip Double Sided Silicone Handles
- Stain & Scratch Resistant
- 2-Year Limited Warranty

Country of Origin: China

## Viking® Professional Knives

Designed and manufactured in Germany, Viking Professional Cutlery delivers uncompromising performance through the perfect balance between blade and handle geometry. These fully forged knives are constructed from a single piece of steel, creating a seamless bolster and integrated tang for strength and durability. The high-quality stainless chrome-molybdenum-vanadium steel is ice hardened with state of the art technology to increase edge retention, insuring sharpness while resisting corrosion. Viking Professional Cutlery features X50CrMOV15 German Stainless Steel with a HRC of 55°-56° and is designed for both home and professional use.

Knowing the demands of a professional Chef, the ergonomically designed handles were designed with a focus on comfort and ease of use featuring exceptional balance between the blade and handle. With little to no weight on the upward lift, this cutlery is designed to be an extension of the hand and eliminate fatigue.

The blade features a 15° cutting edge that is hardened under inert gas to insure strength and long life. Viking cutlery is completely hygienic with no gaps between the tang and POM handle. The bolster and integrated tang deliver stability and balance while protecting the users hand from the heel of the blade.

## Viking® Pressure Cooker

The Viking Pressure Cooker uses a simple non-slip lock knob to easily and securely clamp the lid down on the vessel. Set the lid on in any direction you wish, then just turn the knob to create a pressure safe seal and you are ready to cook.

- Open & Close the Lid with the Turn of a Knob
- Can Be Used on any Cooking Surface, Including Induction
- 3-Ply Base for Even Heat Distribution
- Energy Saving – Reduces Cooking Time by Half or More
- Pressure Release Dial Allows You to Easily Adjust the Pressure
- Pressure Settings Include High Pressure (8-15 PSI), Low Pressure (1-8 PSI) & Release
- Durable Stainless Steel Construction
- Pressure Indicator Identifies when the Cooker has Reached Full Pressure
- Stay Cool Handles

## About Viking® Culinary

**Viking products began with a passion for cooking.**

Like many great innovations, Viking appliances were created from necessity. Frustration with the lack of commercial function and features in home ovens and stoves was the inspiration for the next generation of performance driven appliances. The Viking kitchen was born.

Viking Culinary continues the tradition that started over 25 years ago by combining the elegance and quality of cookware and kitchenware with the performance expected from the modern home chef.

## About Clipper Corporation

Clipper is a professional cookware provider delivering quality products to commercial customers for over 20 years. From cookware and smallwares to textiles, Clipper has an established reputation as a reliable resource helping customers develop products that extend their brand.

Clipper has a proven track record of leveraging their extraordinary worldwide sourcing team to bring commercial grade products to both business and the home users both within the foodservice industry and through Clipper's own consumer brands.

Viking has chosen Clipper as their Culinary partner based on their core strengths, experience and results driven philosophy.
