## Viking® Professional 5-Ply Satin Cookware

Viking Professional 5-Ply Satin Cookware uses commercial quality construction to deliver professional performance in the home. With an elegant satin finish, this premium line of cookware is specially handcrafted in the USA.

5-ply construction maximizes heat transfer and reduces energy usage by leveraging the conductivity of an aluminum core sandwiched between stainless steel. This combination of materials enables Viking cookware to deliver superior cooking performance. Each layer of metal is carefully selected for optimum performance and efficiency - stainless steel for durability and aluminum for conductivity.

The magnetic stainless steel exterior makes this cookware suitable for all stovetops, including induction. The core is made up of three layers of aluminum. Two layers of nearly pure 1050 aluminum bonded to a structural layer of 3004 aluminum that prevents warping. The aluminum core disperses heat quickly and evenly throughout the bottom and sides of the vessel. The non-reactive and non-porous interior layer of 18/10 high-grade stainless steel is an ideal cooking surface that is easy to clean and sanitize. Together, these five layers work in unison reducing the energy required to achieve desired cooking temperatures.

The 5-ply construction makes this versatile cookware stove, oven and grill friendly. Viking designed the signature stay-cool handles to be ergonomically friendly, making the cookware more comfortable to hold and maneuver. Backed by a lifetime warranty, Viking cookware will help you produce restaurant quality results at home.

Viking® Professional 5-Ply Satin, 10 Piece Set

## Viking® Professional 5-Ply Satin, 10 Piece Set

**4515-1S10S**

## Viking® 5-Ply Hard Anodized & Stainless Cookware

Viking 5-Ply Hard Anodized and Stainless Cookware uses commercial quality construction to deliver professional performance in the home.

5-Ply construction maximizes heat transfer and reduces energy usage by leveraging the conductivity of an aluminum core sandwiched between a stainless steel interior and a hard anodized aluminum exterior. This combination of materials enables Viking cookware to deliver superior cooking performance. Each layer of metal is carefully selected for optimum performance and efficiency - stainless steel for durability and aluminum for conductivity.

The magnetic stainless steel exterior makes this cookware suitable for all stovetops, including induction. The aluminum core disperses heat quickly and evenly throughout the bottom and sides of the vessel. The non-reactive and non-porous interior layer of 18/10 high-grade stainless steel is an ideal cooking surface that is easy to clean and sanitize.

## Viking® 3-Ply Hammered Copper Clad Cookware

Viking 3-Ply Hammered Copper Clad Cookware combines a layer of aluminum sandwiched between a beautifully hand-hammered copper exterior and a heavy-gauge stainless steel interior for superior performance. The aluminum core provides exceptional heat transfer throughout the pans, while the copper exterior heats evenly for precise temperature control.

Featuring a flared seamless rim, the vented glass lids allow you to easily see the progress of your meal while reducing the chance of boil-overs. The Viking signature ergonomic stay-cool handles have a finger guide and built-in heat break for easy lifting and control, while the internal volume measurements make measuring quick and precise.

### 3-Ply Construction

## Viking® Hard Anodized Nonstick Cookware

Constructed with heavy gauge anodized aluminum for durability and even heat distribution throughout the sides and bottom of the pan, Viking Hard Anodized Cookware features a stainless steel base making it exceptionally stable and compatible with all cooktops including induction (except for 1 Qt. Sauce Pan and Double Burner Griddle).

Featuring nonstick made without PFOA, each piece is coated with three layers of durable nonstick coating to ensure maximum release and longevity, even when using metal utensils.

The saucepans and larger vessels feature interior measurement markings for accurate addition and reduction of ingredients. Tempered glass lids allow you to “look and cook” as you watch the progress of your meal. Designed with ergonomics in mind, Viking signature handles are hand crafted from cast stainless steel and riveted to the pan for a lifetime of durability.

Lid handles and long handles feature heat breaks to help them stay cool on the cooktop during use. Long handles feature a finger stop that guides your hand to the perfect grip for comfort, balance and control.

Viking Hard Anodized can be used on all cooktops, including induction, in the oven, or on the grill up to 500°F, making it perfect for finishing dishes the same way a professional chef does. The glass lids are oven safe to 400°F. Viking Hard Anodized Nonstick Cookware is dishwasher safe and backed by a limited lifetime warranty.

## Viking® Cast Iron Cookware

Cast iron is a natural addition to the Viking kitchen, maximizing the performance of Viking stoves by providing the natural heat retention required for roasting, braising, searing and more.

Designed for efficiency, most cooking can be done on low to medium heat. Viking cast iron will distribute and retain the heat evenly, allowing the pan to reach and maintain ideal cooking temperatures with lower energy requirements. Conversely, cast iron holds cold temperatures equally well for food storage and serving or preparing cold recipes.

Viking cast iron features a non-reactive glossy enamel interior that is durable enough to handle metal utensils but will not react with foods, maintaining the flavor during cooking. While enamel is not a non-stick surface, the enamel coating does feature stick-resistant properties aiding in cleanup.

The exterior of each piece is coated with matte enamel that helps resist chips and cracks while keeping maintenance to a minimum.

The 5 Qt. capacity Dutch oven and other covered pieces employ lid spikes on the interior of the lid to “self-baste” by distributing condensation back into the pot during cooking. The end result means less evaporation, keeping meats tender while helping to retain vegetable nutrients that may otherwise evaporate.

Viking Cast Iron is safe for use on the stove, the grill, and in the oven, while being elegant enough to take directly to the table for serving.

## Viking® Cast Aluminum Nonstick Roaster

This versatile roaster has an induction capable nonstick coated lid that can turn your roaster into a dutch oven, be used separately as casserole or on the stovetop as a grill pan. The bonus tempered glass aroma lid allows you to add liquids during cooking without removing the lid. Both the lid and roaster are induction capable and work on all types of cooking surfaces. The nonstick interiors are made without PFOA for superior release and healthy, worry-free cooking.

- Cast Aluminum Construction
- Both Lid and Roaster Can Be Used on any Cooking Surface, Including Induction
- Lid Can Be Used Separately as a Casserole or on the Stovetop as a Grill Pan
- Aroma Lid Allows You to Add Liquids to the Roaster Without Removing the Lid, Just Pour Liquids into the Handle
- Tempered Glass Aroma Lid is Vented to Help Prevent Boil Overs
- Titanium Infused Nonstick Coating is Made Without PFOA for Durable, Safe, Superior Release
- Oven Safe to 500°F. Aroma Lid is Oven Safe to 425°F in a Preheated Oven
- Lined Lifetime Warranty

**40041-1632C**

Roaster with Vented Glass Aroma Lid  
**UMRP: \$199.99**  
UPC: 840595107629  
Country of Origin: China

## Viking® Pressure Cooker

The Viking Pressure Cooker uses a simple non-slip lock knob to easily and securely clamp the lid down on the vessel. Set the lid on in any direction you wish, then just turn the knob to create a pressure safe seal and you are ready to cook.

- Open & Close the Lid with the Turn of a Knob
- Can Be Used on any Cooking Surface, Including Induction
- 3-Ply Base for Even Heat Distribution
- Energy Saving – Reduces Cooking Time by Half or More
- Pressure Release Dial Allows You to Easily Adjust the Pressure
- Pressure Settings Include High Pressure (8-15 PSI), Low Pressure (1-8 PSI) & Release
- Durable Stainless Steel Construction
- Pressure Indicator Identifies when the Cooker has Reached Full Pressure
- Stay Cool Handles

## **Viking® Blue Carbon Steel Fry Pans**

Viking Blue Carbon Steel cookware is the perfect tool for searing, sautéing, simmering, braising, baking, roasting, and frying. The heavy-gauge blue carbon steel construction heats quickly, distributes heat evenly and retains heat for high-heat searing and browning. The cooking surface is seasoned with oil for a natural, easy-release finish that improves with use. Use on gas, electric, induction stovetops, outdoor grills or open fire. Oven safe to 500°F (260°C).

- Heavy Gauge Blue Carbon Steel Construction for Fast Heating, Superior Heat Transfer & Retention
- Double-Riveted Viking Signature Cast Iron Handles
- Naturally Stain & Scratch Resistant
- Limited Lifetime Warranty

**40341-1110**

**UMRP: \$99.99**  
UPC: 840595107261  
Country of Origin: China

## **Viking® Professional Cutlery**

Designed and manufactured in Germany, Viking Professional Cutlery delivers uncompromising performance through the perfect balance between blade and handle geometry. These fully forged knives are constructed from a single piece of steel, creating a seamless bolster and integrated tang for strength and durability. The high-quality stainless chrome-molybdenum-vanadium steel is ice hardened with state of the art technology to increase edge retention, insuring sharpness while resisting corrosion. Viking Professional Cutlery features X50CrMOV15 German Stainless Steel with a HRC of 55°-56° and is designed for both home and professional use.

Knowing the demands of a professional Chef, the ergonomically designed handles were designed with a focus on comfort and ease of use featuring exceptional balance between the blade and handle. With little to no weight on the upward lift, this cutlery is designed to be an extension of the hand and eliminate fatigue.

The blade features a 15° cutting edge that is hardened under inert gas to insure strength and long life. Viking cutlery is completely hygienic with no gaps between the tang and POM handle. The bolster and integrated tang deliver stability and balance while protecting the users hand from the heel of the blade.

The timeless design and durable construction will make these racks the heart of your kitchen for years to come.

**Manufactured in USA • Lifetime Warranty**

## About Viking® Culinary

**Viking products began with a passion for cooking.**

Like many great innovations, Viking appliances were created from necessity. Frustration with the lack of commercial function and features in home ovens and stoves was the inspiration for the next generation of performance driven appliances. The Viking kitchen was born.

Viking Culinary continues the tradition that started over 25 years ago by combining the elegance and quality of cookware and kitchenware with the performance expected from the modern home chef.

## About Clipper Corporation

Clipper is a professional cookware provider delivering quality products to commercial customers for over 25 years. From cookware and smallwares to textiles, Clipper has an established reputation as a reliable resource helping customers develop products that extend their brand.

Clipper has a proven track record of leveraging their extraordinary worldwide sourcing team to bring commercial grade products to both business and the home users both within the foodservice industry and through Clipper's own consumer brands.

Viking has chosen Clipper as their Culinary partner based on their core strengths, experience and results driven philosophy.

Clipper Corporation is an WBE and MBE certified women-owned and minority-owned business.
